BHS FOUNDATION //

The Ballarat Health Services Foundation was established in 1989 to help fund the development of health facilities and medical equipment within Ballarat Health Services.

Ballarat Health Services continues to be the region's leading healthcare provider and referral centre for acute, aged and mental health services in Ballarat and Western Victoria.

You, or someone you know, may have recently received care from Ballarat Health Services and will know first-hand the vital work being done.

FOUNDATION WORK //

The Ballarat Health Services Foundation's fundraising compliments income from government and enhances the service provided by our medical and nursing staff.

Some of our fundraising efforts have included a \$250,000 contribution to the Ballarat Regional Integrated Cancer Centre, major contributions to the redevelopment of the Base Hospital's Emergency Department, \$100,000 towards equipment for the Ballarat Base Hospital's sixth operating theatre and \$30,000 towards defibrillators & resuscitation equipment.

SUPPORT OUR WORK //

Support the work of the Ballarat Health Services Foundation.

When you support the Ballarat Health Services Foundation, you are directly helping to provide additional facilities and equipment for the community.

You can support the Foundation in many ways:

- If you would like to make a financial gift to the Foundation, you can be safe in the knowledge that your donation will go directly to support the community. Bequests and funeral donations will also be gratefully accepted.

- You might be able to support the work of the Foundation by becoming actively involved in one of our fundraising projects or by becoming a member of the Foundation

- You might be able to offer us goods or services that we can use as a prize in a raffle or a charity auction

The Ballarat Health Services Foundation is governed by an independent council which prudently manages all donations from the community.

For more information on how your gift can help the Ballarat Health Services Foundation contact 5320 4093.
